

The background of the entire page is a scenic landscape photograph. It shows a wide valley with rolling green hills in the foreground and middle ground, dotted with evergreen trees. In the distance, a large body of water is visible under a dramatic sky with a bright sun setting or rising, creating a golden glow over the horizon.

Indigenous Assurance and Accounting Services

Whether you represent an Indigenous community, individual or business, you know it's more important than ever that your stakeholders and decision-makers have relevant, reliable and independently reviewed financial information. Without the insight these statements provide, it is difficult to make strategic decisions about the future of your Indigenous organization. That's where MNP can help.

HOW MNP CAN HELP

MNP's Indigenous Services team has been working with clients in the areas of audit, accounting and bookkeeping for more than three decades. Through our team's expertise and knowledge of a wide variety of federal and provincial funding agencies, we understand the unique reporting needs of Indigenous organizations — and can provide you with meaningful, reliable financial information to keep your organization profitable and competitive.

OUR SERVICES

MNP understands the unique assurance and accounting needs of Indigenous organizations. We employ rigorous quality control policies and procedures to provide an opinion on your financial statements and ensure they are presented in accordance with relevant standards.

As financial reporting is often required by Nation members, banks, investors and federal and provincial funders, which often require additional reporting to meet the criteria of agreements — we stay on top of the latest reporting standards for our Indigenous clients and keep you apprised of any changes that may impact your organization. MNP works with Indigenous and Northern Affairs Canada (INAC) and the Canadian Institute of Chartered Accountants (CPA Canada) to ensure any new standards meet the needs of our clients.

Where an assurance engagement isn't needed, we can also provide accounting and bookkeeping services — including monthly assistance with data entry and reconciliations, accounting and payroll software conversions and training on year-end financial statement preparation.

Our complete range of Assurance and Accounting Services, includes:

- Audits, Reviews and Compilations
- Financial Projections and Forecasts
- Internal Control Assessments
- Performance Measurement
- Public Companies
- Compliance
- International Financial Reporting Standards (IFRS)
- Remote Accounting

WHY CHOOSE MNP

Our experience is extensive and continuously growing, along with our reputation as a firm that respects and understands Indigenous culture, governance and business. We continue to foster a strong Indigenous Services team of specialists who understand your needs and know how to develop viable solutions in the complex circumstances that often exist exclusively within your environment. Our highly regarded reputation as a leading advisor to Indigenous communities comes from the successes we have had, our respect of your culture and traditions and the importance we place on our relationship.

ABOUT MNP

MNP is a leading national accounting, tax and business consulting firm to Canada's Indigenous communities. We have invested more time and resources into understanding Indigenous needs than any other firm. With more than 250 Indigenous clients and 300 professionals, MNP has developed a diverse suite of services designed to preserve our clients' traditions and position them for success.
